

Road trip 2024: Farmers Insurance Open

Our goal is to change the way people think about golf. We do that by showing what it means to be a Sixtyone golfer. (*People like us do things like this.*)

1. Be Sixtyone

You are representing your family, your city, your school and Sixtyone. Make sure that you show everyone how we roll. Separate the purpose (to have fun) from the goal (to be our best).

2. Be curious

Torrey Pines is a special place. The Farmers Insurance Open is a special golf tournament. Here are a few things you should look for while you are at the tournament:

- How did Torrey Pines Golf Course get its name? (Hint: Dr. Charles Parry)
- What year did this tournament start being played at Torrey Pines?
- What is the APGA (Advocates Professional Golf Association)?
- What is the total yardage the pros play on the South course?
- Which hole has your favorite view of the ocean?
- How many different career opportunities can you find at the tournament?
- Ask someone working at the tournament how they got their start.
- Meet three new people and write down their names.
- How many strokes separate first place from 10th place?

3. Be courageous

There is no reason to be nervous. No one is perfect. We make mistakes. Just work to be better each day. You don't have to know everything about Torrey Pines, The Farmers Insurance Open or the APGA. But, after this weekend, you should know a little more than you did when you arrived.
